

Young Flyers

Aviation experiences for kids
between the ages of 10 & 15

Looking for a fun and unique experience
for your children?

Thunderbird Aviation's Young Flyers Aviation Program has been teaching kids the joys of flight since 1990 both at Flying Cloud Airport in Eden Prairie and at Crystal Airport in Crystal, MN.

The summer Flying Camp program explores the science behind aviation and provides two hours of flight time over the four day sessions.

All courses are taught by Certified Flight Instructors who enjoy sharing their knowledge and expertise in the aviation field.

Be assured that our Young Flyers Aviation Program provides a fun and exciting experience that stays with your children for the rest of their lives.

THUNDERBIRD AVIATION LOCATIONS:

Flying Cloud Airport
Eden Prairie, MN
just south of Interstate 494
off of Flying Cloud Drive

Flying Camp

Calling all young flyers between the ages of 10-15 who are interested in more than just an introductory flight lesson. This camp is specifically designed for in depth training on becoming a pilot. Topics will include communications, weather, airspace, navigation, aerodynamics, aircraft systems, and regulations. Each Student will have the opportunity to fly each day and ride along while other students fly with a certified flight instructor.

Students will receive:

- Ground instruction
- Flight training with Certified Flight Instructors
- 2 hours of flight

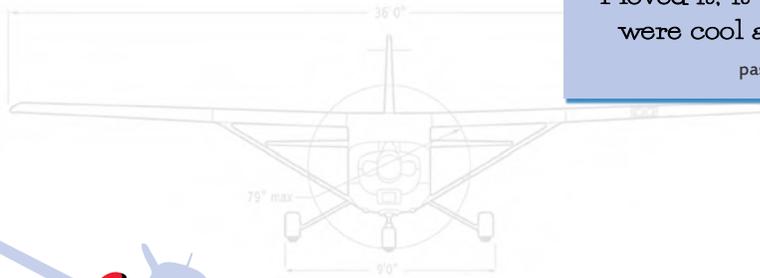

Crystal:

- June 24-27, 2024
- July 15-18, 2024

Flying Cloud:

- July 8-11, 2024
- July 29- Aug 1, 2024
- Aug 12-15, 2024

"I loved it, it was so fun! The instructors were cool and I loved the plane ride!"

Young Flyers

Have you ever looked at a plane going overhead and wondered what makes it fly? Have you thought about what it would be like to fly a plane yourself? Contact us for details on Thunderbird Aviation's Introductory Flight Lessons and other services or activities for children ages 9 and under or 15 and over.

"I definitely want to be a pilot someday."
